

Somerset Careers Fair

Sparking the imagination of thousands

To Somerset Parents/Carers,

**Wednesday, 10th October 2018 @ The Somerset County Cricket Ground,
Taunton, 9am – 7pm**

**Tuesday, 13th November 2018 @ The Fleet Air Arm Museum, Yeovilton, 9am –
7pm**

As a parent/carer it can sometimes be difficult to support your young person with informed decisions relating to their future, especially education options, careers and job routes. Making the right decision about career progression routes has never been more important.

It can often be a minefield to get accurate, timely and important information relating to the many options, stages and varied progression routes including Higher and Further Education, University Fees & Loans, Apprenticeships, jobs. It is becoming increasingly important to get the right information at the right time – to help support GCSE options, Post 16 institution choices and Post 18 routes.

Our two Somerset Careers Fairs are aimed at providing parents/carers with the latest, best, impartial advice and information from the widest range of institutions and providers – including Sixth Forms, Colleges, Universities, Apprenticeship providers, employers, community sector organisations, etc.

From 4-7pm each Fair will be aimed at Parents and their young people to come and meet the experts, to find out more about these different routes and options.

The Fairs are free to attend and there is parking nearby.

We look forward to seeing you at one or both of the Fairs.
