Dear Parents and Carers,

PARENT GOVERNOR ELECTION

We would love to hear from any parent interested in being more involved with the school as we currently have two vacancies on our school Local Governing Body for the role of Parent Governor. We would also love to hear from any grandparents! If you are interested in joining our team of Governors, or know of anybody who might be interested, then we would very much like to hear from you.

You don't need any qualifications or previous experience to become a Governor, the most important thing is to have a keen interest in the school and be prepared to play an active part in the governing body's work.

School governors perform an important voluntary role, monitoring and evaluating our school's progress to ensure the best possible education for every single pupil. Our governors are collectively responsible for the strategic management of our school; setting targets and ensuring they are met, formulating school policy and planning for future development. Governors also help to make the key decisions which shape the school, including appointing and performance managing the Head Teacher and setting the school's budget.

If you are interested in finding out more, please send me an email at the address below and I will arrange to give you a call.

We are also always looking for volunteers for our volunteer reading team. This small army helps ensure our children have frequent chances to practice and develop their reading skills – and we are always looking for recruits! Please contact the school office if you can help – being a fluent reader opens the door to the rest of the curriculum.

Yours faithfully,

Claire Hudson

Chair of Governors
