Dear Parents and Carers

Parents' Forum

We are looking at how we can improve consultation with our parents and carers. Many schools run a Parents' forum – an informal way for parents to give their views and ask questions on a particular theme. Our first Parents' Forum in Term 1 did not attract any participants. We would like to know if this approach would be helpful to parents and carers. This letter has been emailed and sent as a hard copy.

If you could fill out the simple form below and return it to the office, it would be much appreciated.

Best wishes,
Alun Randell
