## Rainbow Reading Challenge

Dear parent/carer,

We are continuing to promote our school's passion for reading and are aiming to instil a love of reading into all of our children. Following the success of the Rainbow Reading Challenge in previous years, we are excited to re-launch this initiative next term. Learning to read is one of the most important skills your child will develop, and this is designed to encourage children to read a range of books at home with an adult.

Each child will receive a rainbow book mark which can be signed by an adult every time they finish a book read at home. This can be any book as well as their reading books from school. After reading 7 books with an adult they will receive their rainbow reading certificate.

Each child will move through the colours of the rainbow (these are **not** linked to reading band colours) and will have their photo on our giant rainbow display in the KS1 learning area.

Good Luck and enjoy reading!

The Key Stage One Team
