

12 October 2018

Dear Parents / Carers,

Maximising Success at Key Stage Four

We would like to invite all parents and carers of Year 10 and 11 students, along with the students themselves, to St. Dunstan's on Thursday 25th October 2018 to attend our annual meeting focusing on how to maximise your child's success at Key Stage 4.

The evening will commence at 6pm and will outline key information and milestones for the duration of KS4. We will explain how the school aims to support each pupil and outline the opportunities available so that potential is fulfilled and the best possible results can be secured.

During the evening, information will be presented in relation to English, Maths and Science as they outline key curriculum information and how each pupil can be supported outside of the classroom to maximise success. We will also be presenting a session to outline key revision strategies and how your child can prepare fully for their examinations.

Please complete the reply slip below to confirm your attendance and return it to the school reception by Monday 22nd October 2018.

Yours faithfully,

Luke Parfitt
Assistant Headteacher
Subject leader for Science
