

4 July 2022

Dear Parents and Carers

**Important Information**

We have just been informed that the contractors who are building the new ASC Base on our site will be starting work in July.

They will be using the top end of our car park as their construction base which means that only school buses and taxis will be allowed on to site to drop off and pick up students at the start and end of the school day.

Please note that this arrangement comes into effect from the week beginning **Monday July 18th**. If your child lives within walking distance of school, please encourage them to walk in if at all possible. If you drive your child to school, you will need to drop them off and pick them up at a safe point - **not in the area in front of the gates** - and they will need to walk down the drive. I appreciate this is inconvenient but it is not something over which we have any control.

This arrangement will continue for most of the next school year so please take this into account when planning your journey to school.

Thank you in advance for your support.

Yours sincerely

Lynda Bevan  
Headteacher
