

20 July 2021

Dear Parents and Carers

As you will be aware, the number of Covid cases is escalating in the Mendip area.

Whilst we do not have any positive cases amongst staff, a number of teachers and support staff have been contacted by NHS Test and Trace with a message to self-isolate until next week. Unfortunately, this means that we cannot run the school safely and I have had to take the decision, in consultation with Mr Williams, to close the school with effect from 3.15 this afternoon.

This is not the end to term we had envisaged after being so successful in avoiding closures and we are all very sad not to be able to run activities week; I have asked staff to set optional activities on google classroom for the rest of the week.

I hope you all have a lovely summer and that we can come back to a more normal life in September.

With very best wishes

Yours sincerely

Lynda Bevan
Headteacher
