## Key Information

Dear Parents & Families

We are all too aware of how the recent cost-of-living increases may affect our local community, and we want to encourage you to access appropriate mechanisms of support. The Pupil Premium and Free School Meals funding allows schools to creatively support students. This funding is confidential and used to support your child. If your child is eligible for 'free school meals' and you register them for this, we will receive extra funding called 'pupil premium'. We use this extra money to improve the educational provision and resources at the school.

### What is Pupil Premium funding?

Pupil premium funding from the government is given to schools to help pupils reach their full potential, regardless of their background or financial situation. It's provided for pupils who:

- Are registered for free school meals
- Have been registered for free school meals at any point in the past 6 years
- Are, or have been, in care
- Have parents in the armed forces

### How is the Pupil Premium funding spent?

Schools have the freedom to spend the Premium in a way they think is best to support the raising of attainment. Funding is given to schools and is spent according to a budgeted plan across three areas.

These include:

1. High-quality teaching, such as staff professional development.
2. Targeted academic support, such as tutoring.
3. Wider strategies to address non-academic barriers to success in schools, such as attendance, behaviour and social and emotional support.

## Key Information

Parents do not receive this money from schools and there is not a budget to spend per student. Schools are expected to formulate a plan to use the overall funding, this must be based on evidence based research and approved by the Governing body. How do I register?

To register, please visit the following web page.

<https://www.somerset.gov.uk/education-and-families/free-school-meals/>

Similarly please do not hesitate to contact the school if you have any questions or would like to update us about your child and their eligibility for funding.

## Attendance in the Toughest Weeks – Brighter Days Ahead

This point in the year is always one of the hardest for attendance. Dark mornings, cold weather, long weeks, and tiredness all add up — and nationally, these weeks are known for attendance dipping. If it's felt harder to get going lately, you're not alone. But here's the shift - **Spring is coming**. The days are getting longer. The mornings are getting lighter. The weather will soon be brighter and warmer. And with that often comes more energy, better focus, and a fresh push towards the end of the half term. Hang in there - 3 more weeks until half term. We are halfway through Term 3!

## The January 100% Club

We're heading towards our **next 100% Club draw for the month of January**, and there are still plenty of students who can get themselves onto the "Random Wheel of Names" next Friday.

Every day you're in school counts.  
Every morning you arrive on time, matters.

## New Challenge: The 1% Shift

We're launching a new attendance challenge before half term: Can you improve your attendance by just 1%?

## Weekly Attendance Update

**MOMENTS  
MATTER,  
ATTENDANCE  
COUNTS.**

**Discover the benefits of consistent attendance**

### PERFORMANCE

Consistent attendance leads to improved academic performance and higher grades over time.

### TEAMWORK

Regular attendance fosters better teamwork skills, enhancing group dynamics and collaboration among peers.

### RELIABILITY

Consistent attendance builds a reputation for reliability, making you a valued member of any team.

## BE PRESENT

Commit to showing up for success and growth.

**ON  
TRACK**

**Your attendance shapes your future!**

We will let you know how many days you need to be in school in order to shift your attendance by 1%.

That small shift can make a big difference — moving you into a higher attendance band and helping you get more out of lessons.

### Two important rules:

**Rule 1: Be on time** - If you want to be *in it to win it*, you can't be late to school.

**Rule 2: Be consistent** - Consistency means every day. Not some days. Not most days. **Every day.**

We know school isn't always easy, and support is there when it's needed. But sticking with routines, showing up consistently, and pushing through the toughest weeks now really does pay off — especially as the days get lighter and spring takes hold.

Let's finish this half term strong!

## On Track to Prom

### On Track to Prom – Year 11

Last week, Year 11 students were introduced to our On Track to Prom initiative in assembly and it started this week. It will run across the next three half terms, supporting students to finish Year 11 positively and stay focused on what really matters

- ❖ Being On Track to Prom is all about:
- ❖ Good attendance & punctuality.
- ❖ Positive behaviour.
- ❖ A committed approach to learning and revision.

Prom is a chance to celebrate the hard work of our Year 11s and make those final school memories.

Thank you to parents and carers for your continued support during this important time!

## Poetry Live Trip

What an incredible day! 43 of our Year 10 and 11 students had the amazing opportunity to attend 'Poetry Live!' in Bath this week and witness some of the UK's most celebrated poets perform their work live. The line-up included: John Agard, Simon Armitage, Imtiaz Dharker, Carol Ann Duffy, Liz Berry and Daljit Nagra.

Not only did the students get to experience their powerful poetry firsthand, but they also had the chance to ask questions and engage with these renowned poets! Mrs Gregory was lucky enough to get a photo with top poet, Carol Ann Duffy which was just one of the highlights.

We are so proud of how our students behaved! They were a credit to the school and we know opportunities like this make all the difference to the study of a text.

## Year 7 Food and Nutrition

During this term's Food and Nutrition rotation, Year 7 students have been working hard to develop their understanding of hygiene and kitchen safety.

Students have impressed staff by demonstrating professional chefs' knife skills, successfully practising a range of classical cutting techniques, including julienne, brunoise, macédoine, jardinière and paysanne.

Mrs Potter has been extremely impressed with the high level of skill and focus shown by students and is looking forward to beginning the practical cooking lessons. Well done Year 7!

## Year 11 Science

Our Year 11 chemists showed outstanding scientific skill, precision and dedication in our Triple Science titration practical.

This quantitative chemistry practical is notoriously difficult to achieve the final end point, but our students rose to the challenge and proved themselves to be true chemists in action.

Mrs Moon is incredibly proud of them!

## Student Spotlight

Libraries are for everyone to use and you might be surprised about the things you can access. While we're lucky to have a brilliant library at school, our local public libraries are fantastic places to visit. You can loan 20 books at a time (including manga and graphic novels), use free wifi, borrow iPads and use computers... but libraries need our help! Go out and get yourselves a free library card and visit your local library to keep them running.

We're very proud that three of our students were involved in the making of this video from Somerset Libraries and we're especially happy to see them since it is the National Year of Reading. Well done!

St Dunstan's Library presents...

# THE BOOK NOOK

## The National Year of Reading has officially launched!

Children and young people are **not** falling out of love with reading itself, but rather not enjoying prescriptive reading, or situations they do not find relevant.

That is why the most important thing is **CHOICE**! If students choose their own book to read, whether in library lessons, in school or at home, it vastly improves their relationship with reading!

The school library is open Mon-Thurs for students to loan a wide range of books, but we have just launched a **book swap shelf in Pastoral** where students can take a book to **keep** to make sure everyone has access to books! Once finished it can be returned to the shelf for others to read, or kept to reread over and over again!

We hope this helps spread the love of reading even more widely..

We'll be sharing recommendations and news about our new reading challenge next week...

Stories are like footprints that can never be washed away... The story moves into someone else's head. It finds a new place to live.

# PARENTS, LET'S TALK ABOUT KEEPING CHILDREN SAFE ONLINE!

Social media is a huge part of our children's lives – but it comes with real dangers we can't ignore. Protecting them starts with YOU. Here's how:

- 
-  **Talk Openly** – Have honest conversations about online behavior, privacy, and respect. Make sure they know what's safe and what's.
  -  **Stop Sexting Before It Starts** – Explain that sharing intimate content can lead to emotional harm, bullying, and even legal trouble. Once it's online, it's out of their control.
  -  **Set Strong Boundaries** – Agree on screen time limits and safe apps. Use parental controls when needed, but build trust through communication.
  -  **Lead by Example** – Show healthy online habits yourself. Kids learn from what they see at home.

**YOUR GUIDANCE IS THEIR PROTECTION.**  
**A CONVERSATION TODAY COULD PREVENT  
A SERIOUS PROBLEM TOMORROW.**
