

Golden Lock!

Cycle to school for [Bike to School](#)
[Week](#) to win cycle prizes!

Each day between **27th September - 1st October**
a **Golden Lock** will be attached to a bike at
school. The owner of the bike will win a prize!

Dear Parent/Carer,

Every day the 'Golden Lock' will be placed on one scooter or bike. If your child finds the golden lock on their bike or scooter, they will be given a prize.

We have some brilliant prizes donated by 'Sustrans' including puncture repair kits, bike bells, pumps, cycling maps, a bike cleaning kit, bike tools etc

Being active on the way to and from school is great for our physical and mental health so please try to get involved. We know for some children cycling or scooting may be difficult if they have a longer journey to make, so get involved by walking part of your route.

Always be safe on your way to and from school.

Let's get active!
