

22.04.20

Good morning Cherry Class! As Wednesdays are the day when you normally have swimming, there is no Maths or Literacy work to do today but I would still like you to do your daily reading, TTRockstars, DoodleMaths and the tasks below please:)

Today's inspirational quote comes from *George Sand*

*"There is only one happiness in this life, to love and be loved."*

**Today's learning expectations include:**

Expectation	Details
20 mins Reading	(either to yourself or to an adult/sibling)
RE	Use the PowerPoint on Google Classroom to learn the Christian Creation Story. Create a cartoon strip to retell the Christian creation story - there is an example layout on Google Classroom under RE 22.04.20.
Music	Make a video of yourself singing or dancing to one of your favourite songs to send to Gracewell care home for the residents to enjoy. You might want to make up your own song or rap! If you'd rather not sing or dance, why not video yourself reading a story or a poem for the residents. Please make sure your videos are filmed in a neutral space - not in your bedroom or bathroom, somewhere like a garden, kitchen or living room would be best. Upload your video to Seesaw when complete - your videos will bring so much joy to residents at the care home going through a scary time.
Times Table Practice	TTRockstars - Soundcheck
Maths	DoodleMaths
Science	Today we are starting our new Science topic - <i>Are these your teeth?</i> which is all about the human digestive system! Find today's Science lesson on Google Classroom under Science 22.04.20
PE	Have a go at today's 'PE with Joe' PE lesson on YouTube <a href="https://www.youtube.com/user/thebodycoach1">https://www.youtube.com/user/thebodycoach1</a>

**Suggested Timetable for the Day (Following our usual daily structure at school):**

Time	Activity/Lesson
9am - 9.20am	20 mins Reading
9.20am - 10.20am	1 hour RE
10.20am - 10.35am	15 min Break
10.35am - 11.15am	40 mins Music
11.15am - 12 noon	25 mins TTRockstars (Times Table Practice) 20 mins DoodleMaths
12 noon - 1pm	1 hour Lunch
1pm - 2pm	1 hour Science
2pm - 3pm	1 hour PE (spend some of this outside if you can!)
