## Enrichment Activities 2026 - Arbor Payments Information

Dear Parents and Carers,

We are pleased to announce that the selection process for **Enrichment Activities 2026** is now complete for all students who submitted their preference forms.

We are delighted that the vast majority of students have been allocated their first-choice activity for both days. While every student who submitted a form has been successfully placed in either their first or second preference for both days, some activities were oversubscribed. In these instances, where demand exceeded capacity, a fair and impartial selection process was used to determine final allocations.

Due to the popularity of our Enrichment Activities this year and the high demand for places, changes to selections and allocations are no longer feasible, except in exceptional circumstances.

Please be aware that payments for Enrichment Activities are now available on Arbor, and that these payments need to be made by no later than **10th June 2026**.

If financial support from the Pupil Premium fund for eligible students is required, please ensure to download and complete the assistance form from the Pupil Premium section of our website and clearly indicate the activities for which you are requesting support.

For those who have chosen in-school enrichment activities, including opportunities to visit local sites such as Glastonbury Abbey and other local landmarks, we will be inviting students to select their options very shortly and this process will take place during the school day.

Thank you for your patience while we work with families to finalise the arrangements for what we are sure will be an enjoyable and enriching end to the academic year.

Best wishes,

Mrs A Richards  
Assistant Headteacher for Teaching & Learning
