

## science

In science we will be learning all about rocks. Children will learn to compare and group together different kinds of rocks on the basis of their appearance and simple physical properties. They will learn how to describe how fossils are formed and finally, children will recognise that soils are made from rocks and organic matter.

## Re

In RE children will be learning all about Judaism and what Jewish people believe about God and the Covenant.

## GEOGRAPHY

In our new topic 'Our European Neighbours' we will be learning about the countries and their capitals, human and physical features of Europe and then focus on one biome within Europe, the Alps and find out more about its features.

## DT

After finishing our scrolls designed last term we will then start a new DT topic, 'Electric Posters'. In this unit they will research and then design, ready to assemble a poster with a simple circuit and bulb.

## Goldfinch class

In music, Goldfinches will be Creating sounds to represent three contrasting landscapes: seaside, countryside and city.

In maths we will be learning fractions!

## 123

Sports with Mr Groves -Also dance lessons with Mrs Smith

## writing

This term we will be focusing on writing our own newspaper report. We will discover some very strange happenings in the classroom!

## PSHE

In PSHE our topic is 'Healthy Me' We will focus on how to keep our bodies healthy through exercise and diet. We will also learn how to keep safe and what to do if we feel unsafe.

## ICT

Learners will develop their understanding of what a branching database is and how to create one. They will use yes/no questions to gain an understanding of what attributes are and how to use them to sort groups of objects
