St Mary's Primary School
French Curriculum

As at St Mary's we are using Language Angels for the first time, where there hasn't been sustained teaching and learning in this foreign language, it is not recommended for older Key Stage 2 pupils to start with Progressive units. It is suggested instead to introduce an accelerated programme, carefully putting together Early Learning and Intermediate units and maybe a Progressive unit by the end of the school year.

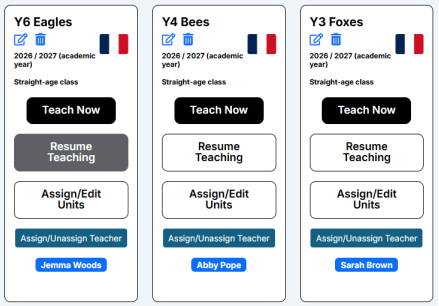

This is our Unit planner for our first year of Language Angels (2026/27)
