RISK ASSESSMENT FOR SCHOOL OPERATION FROM SEPTEMBER 2020

This risk assessment is based on Guidance for Full Opening: Schools

<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

Date of Risk Assessment: 13/07/20

Signed (headteacher): *John Redell*

Signed (Chair of governors): *Ruth Cox*

Covid-19 is an illness that can affect your lungs and airways. Symptoms can be mild, moderate, severe or fatal. This risk assessment is for pupils, teaching and support staff and should be adapted by each of MNSP schools. The document must be adapted to reflect the unique circumstances in your school. You need to add any additional controls and indicate who is responsible, by when and indicate when in place (ie you must complete the last 3 columns) There is an expectation that staff will work at a distance from each other and from pupils as much as possible. If staff are working totally alone in the school, please ensure that a lone-working assessment has been undertaken and safeguards put in place for that person. You will need to review other risk assessments you have in place, for example use of equipment and practical lessons.

HAZARD: Spread of Covid-19 Coronavirus

Who Might be harmed:

- Staff
- Pupils

Staff must continue to follow social distancing during meetings, using larger airy spaces when possible. Non-essential meetings will not take place or may be held over the telephone or using Google Meet. If documents need to change hands during any essential meeting, care should be taken to wash hands afterwards.</p> <p>Face-to-face meetings, if they must happen, should only include “absolutely essential” participants, who should remain two metres apart.</p> <p>Staff at reception areas should be able to rearrange their work space to enable them to maintain a distance from visitors. Hand gel will be available on reception and should be used by all visitors to the school. Pens for signing in will not be shared.</p>	<p>Lunch and break times will be staggered. <p><u>Social Distancing and reduction of mixing – pupils</u></p> <p>Consistent groups reduce the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group.</p> <p>Whatever the size of the “bubble”, they should be kept apart from other groups where possible and older children should be encouraged to keep their distance within groups. Where possible, we will limit interaction, sharing of rooms and social spaces between groups.</p> <p>(Younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group).</p> <p>We will make adaptations to the classroom to support distancing where possible. This will include seating pupils side by side and facing forwards, rather than face to face or side on.</p>	<p>Children will be kept in larger bubbles: Sun beams, Sun, Reception, Year ½, Year 3/4, Year 5/6 with staggered breaks and lunches</p> <p>Children will be regularly reminded to limit touch between each other and remind to regularly wash hands.</p> <p>The one way system in the library will be retained. Marks and tape on floor to remind children of 1 way system.</p> <p>Teachers and other staff will use age appropriate ways to encourage children to follow social distancing, hand-washing and other guidance. They should encourage parents/carers to reinforce these messages at home, by asking them to remind their children. This will be through the school newsletter, class blog and texts home.</p>	<p>All staff</p> <p>All staff</p> <p>AR</p> <p>AR/class teachers</p> <p>AR</p>	<p>Ongoing</p> <p>Ongoing</p> <p>20/07/20</p> <p>Ongoing</p> <p>Ongoing</p>	<p>AR 20/07/20</p>

<p>We will remove unnecessary furniture out of classrooms to make more space.</p> <p>The timetable will be adjusted to keep groups apart and movement around the school to a minimum. Schools should also consider staggered break times and lunch times (and time for cleaning surfaces in the dining hall between groups).</p> <p>We will ensure that pupils only mix in a small, consistent group and that small groups will stay away from other people and groups. As far as possible the group will remain in the same area and avoid using areas already used by other groups.</p> <p>Soft toys and items that are difficult to clean will be removed from classrooms.</p> <p>We will consider the best place and timings for lunch. If it is not possible to provide sufficient distance and in order to prevent mixing of groups, lunch may be brought into the classroom. Resources that are shared between classes or bubbles, such as sports, art and science equipment will be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles. Practical lessons where these take place will need to have their own risk assessments reviewed. Groups should be kept apart, so there will be no large gatherings including assemblies with more than one group.</p>	<p>Year 1 – 6 desks to be arranged facing the front, aiming to enable adults to be 2m away whilst teaching.</p> <p>Break times, lunchtimes and PE slots will be staggered. Equipment will be sprayed with disinfectant between use.</p> <p>Classrooms are set up so as far as possible children use the same desk and resources each day. Their lunchboxes will be kept in their school bags. Writing and maths equipment will be provided for individuals. For younger children it will be regularly cleaned and sanitised. No toys from home.</p> <p>School cloakrooms will be used but children will be carefully supervised so that children from different bubbles are not moving around the school at the same time. Cloakrooms must be completely empty at the end of each day so that they can be cleaned properly.</p> <p>Soft toys and furnishings continue to be stored away.</p> <p>EYFS resources will be minimised each day to aid cleaning.</p> <p>Practical equipment will be where possible kept separately for individuals and/or regularly washed sanitised after a session or at the end of the day.</p>	<p>Class teachers</p> <p>Class teachers/AR /SB</p> <p>Class teachers</p> <p>Class teachers</p> <p>class teachers</p> <p>EYFS staff</p> <p>Teachers/ TAs</p>	<p>01/09/20</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p>

However, the schools will have disposable masks available for use should the guidance change and for situations where an urgent requirement to break the social distancing guidelines is required (in early years or primary setting or during first aid need for example). Those staff who wish to wear a face mask may request one.</p> <p>Staff should remember that current guidance emphasises good distancing and handwashing behaviours above all else.</p>	<p>Staff to be reminded that wearing of gloves is not a substitute for good hand washing and that gloves can also spread the virus.</p> <p>Each classroom has a box with First aid/ PPE (mask, gloves, apron) in case child is displaying symptoms and needs accompanying to the isolation room. <p><u>Access to the curriculum/ Wider curriculum</u></p> <p>Both the approaches of separating groups and maintaining distance are not ‘all-or-nothing’ options, and will still bring benefits <i>even if implemented partially</i>. Some schools may keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport, or for boarding pupils in one group residentially and another during the school day. Siblings may also be in different groups. Endeavouring to keep these groups at least partially separate and minimising contacts between children will still offer public health benefits as it reduces the network of possible direct transmission.</p>	<p>Wrap around care will be offered to parents including those St John’s School. 3 bubbles will be set up: St Johns, MSN Infants, MSN juniors. <p>All teachers and other staff can operate across different classes and year groups in order to facilitate the delivery of the school timetable. This will be particularly important for secondary schools. Where staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults. Again, we recognise this is not likely to be possible with younger children and teachers in primary schools can still work across groups if that is needed to enable a full educational offer.</p>	<p>Teachers will be provided with PPA release time covered by other school staff who will follow the above guidelines including wiping down surfaces before handing over the class.</p> <p>Supply teachers will be instructed on procedures and provided a copy of the risk assessment.</p>	All staff	Ongoing
