

### Doodle Maths

Please see the poster for details of how to enter the summer challenge. Let's see how many children we can get signed up!

### Breakfast club

We will have to make a decision soon on our breakfast club for September. Mr Groves has been receiving some Government funding to run this but this will end at the end of term and with very few children attending this is not becoming financially viable. We will have to make a decision before the summer holidays, but please can you let us know in the meantime if this is something you are likely to be using next academic year.

### Sports Day

As you may be aware, there is an amber weather warning for next week due to the heat. Sports Day will be continuing in the morning, although it may be slightly shortened. Please can all children come to school in their PE kits with suncream applied, a water bottle and a hat.

### Mr Turull

#### Somerset Children's Parliament

On Tuesday, four Year 6 children (Jaxson, Arya, Sophia and Flo) took part in the Somerset Children's Parliament Pupil Voice competition in Taunton, which is a public-speaking event. It was a great day, with schools from the local area participating. Teams of four children had to give a presentation on a subject linked to their school or community which they were passionate about. The team from Leigh on Mendip gave a very personal and passionate presentation titled 'Accessibility in our School', and it was so well-received by the judges that Leigh on Mendip were Runners Up in the competition, half a point behind a brilliant presentation by St George's Catholic Primary School, who were the winners. So a massive round of applause must be given to our participants: Jaxson, Arya, Sophia and Flo L, who have made Leigh on Mendip School so proud with their behaviour, effort and passion.

### News from the Classrooms

We have been pirates in Robins this week and have enjoyed sailing to distant shores looking for treasure. We have made our own pirate pictures, noticing differences in people. We have also walked the plank on our balance beam in the garden.

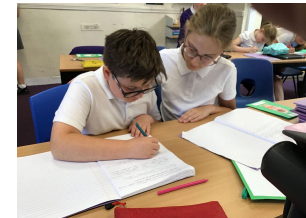

The Kingfishers began an exciting new topic this week, exploring our local area! Soon, we'll be taking our learning global as we compare our area to other parts of the world, with a special focus on China. In Forest School, we've been busy building animal dens! The children have loved exploring how different creatures stay hidden and protected from the elements in the wild.

Monday would have been Mrs Ball's birthday and so all of Starling Class - joined by Mr Ball and his daughter Lilyanna, went out on to the field and blew some bubbles. They all enjoyed this way of celebrating and coming together as a class.

Goldfinch class have been busy in English writing a match report for the England match. We have some excellent reports to match England's fantastic performance. Come on England!

In Swallows this week, we have been exploring the structure and construction of Bridges in Design & Technology. The pupils were challenged to use triangulation to help make their bridge stronger and more secure. They had to construct a number of triangles out of spaghetti rods, which would then be joined together to create the finished bridge.
