

Buckler's Mead Academy: Provider Access Policy Statement (PAL)

Access for colleges, training providers, university technical colleges, universities and all other post 16 providers, including technical, vocational and academic routes and apprenticeships

Updated December 2023

This policy statement sets out the arrangements for managing the access of providers to students for the purpose of giving them information about the provider's education or training offer.

This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil Entitlement:

In line with the updated Provider Access Legislation, from January 2023, all schools must provide a minimum of four encounters for all students with post 16 providers.

- Year 8 or 9 Two encounters for students that are mandatory for all to attend
- Year 10 or 11 Two encounters for students that are mandatory for all to attend

All students in years 8 to 11 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

A number of events, integrated into Buckler's Mead Academy careers programme, will offer providers an opportunity to come into school to speak to pupils and/or their parents.

These provider encounters will be scheduled during the main school hours and the provider will be given a reasonable amount of time to, as a minimum:

- share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers
- explain what career routes those options could lead to
- provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and students from the provider)
- answer questions from all students, including our most vulnerable and those with additional learning needs

As part of the Midsomer Norton Schools Partnership, **Buckler's Mead Academy** defines an encounter as at least 20 min, during the school day. The school day runs from 8.30am until 3.00pm.

As part of our careers programme, we will consider requests from approved training, apprenticeship, technical and vocational education providers, including University Technical Colleges where appropriate, to speak to our students. Buckler's Mead Academy will also approach these providers directly when planning and organising key career related events throughout the school year such as school assemblies, webinars within the curriculum, including live events, careers engagement events and parents evenings. Meaningful encounters may be planned using the [Making it meaningful checklist](#).

The quality and impact of careers provision at Buckler's Mead Academy is monitored by the Careers Leader(s), who are responsible for all aspects of the Access policy in action and the planning / delivery of the Buckler's Mead Academy Careers programme. However, all members of Buckler's Mead Academy are committed to highlighting further education opportunities to all of our pupils. Heads of Departments, the Pastoral Team and Subject Leads are responsible for identifying opportunities that will influence the academic studies and personal development of all students. It is also monitored by the Heart of the South West Careers Hub through Compass+ auditing. Access and opportunity to engage with technical, vocational and training providers will form part of this process.
