Pre - School Drop Off & Collection

Dear Parents/ Carers,

The continuous wet weather is causing problems with mud being washed down on to the sloping path to the Pre-School (Sun Class) entrance which could be a slip hazard. From tomorrow (Tuesday 26th November), we will trial using the entrance on the other side of the building - the same side as Reception children use - for drop off and pick up and the end of the day. Children who are collected or dropped off in the middle of the day should enter via the school office as is currently the case.

If this new system works smoothly then the trial will be made permanent.

Best wishes,

Alun Randell
Head Teacher
