Our Ambition for Reading

At St Dunstan's School, our ambition is for all of our students to be reading at or above their chronological age by the end of Year 9. This will allow students to confidently access their Key Stage 4 curriculum and GCSE exams.

Our comprehensive and rigorous approach to reading ensures that our students develop the knowledge, vocabulary and reading fluency to access the curriculum and their exams, and that they leave school with sufficient reading skills for future learning and employment.

We ensure that our students read widely and constructively, and students' reading supplements our curriculum so that they leave with sufficient knowledge and cultural capital to succeed in life. Our approach to reading develops students' reading skills, comprehension and accuracy, builds their confidence and develops enjoyment.

Confidence and enjoyment in regular reading also leads to students reading regularly, which will increase their cultural capital, enhance their vocabulary and develop their imagination. We aim for all our students to become empathetic, critical and thoughtful communicators, both during their time at school and beyond. At St Dunstan's, they engage with a diverse range of reading material, supplementing the curriculum and providing students with the opportunity to explore different perspectives, cultures and time periods as well as engage with many of the issues and challenges that young people face in their lives.

Ultimately, our ambition is to develop confident, capable and empathetic readers who have built a life-long love of reading.

1. Reading in the Curriculum

Promotion of good reading skills is embedded across all subjects at St Dunstan's through: keywords being made explicit at the start of new topics and revisited regularly; subject specific spellings being taught as well as general spelling tips being shared across the school and common misconceptions being corrected; and adaptation of texts to ensure access for every student.

All staff recognise that reading is a vital part of every subject and reading is a common feature in the whole school, cross curricular celebrations of events such as World Book Day and World Poetry Day. In Years 7, 8 and 9 reading is timetabled as part of the curriculum allocation. In Year 7, 8 and 9 pupils have one hour of reading per fortnight. Reading is not timetabled at KS4, but KS4 pupils read regularly in their GCSE lessons, and also twice a fortnight as part of their tutor time *Read to Succeed* programme.

Table: Allocated Curriculum Time for Reading:

Curriculum time	Year 7	Year 8	Year 9	Year 10	Year 11
AR Reading lesson	Once a fortnight	Once a fortnight	Once a fortnight	N/A	N/A
Tutor Reading Programme	Read to Succeed Tutor Programme Monday and Thursday				

KS3 Library Lessons Programme of Study

We recognise that there are very many ways into reading and therefore, when pupils are 'learning to read independently,' we feel a dedicated reading lesson that allows them to immerse themselves for a one hour lesson will help them to more quickly advance. The Year 7, 8 and 9 cohorts have a reading lesson each fortnight to help foster a love of reading and to see reading as a normalised, enjoyable activity.

Accelerated Reader Programme

Accelerated Reader (AR) is a formalised programme to foster fluency in, and enjoyment of, reading for pleasure. It is used to ensure that students select books which offer an appropriate level of challenge and support more meaningful reading experiences.

All KS3 pupils read suitable texts set by their reading ages and then sit an Accelerated Reader quiz to determine how well they understood the book. All the books in our library are linked to the system so students can easily clearly see which books are suggested for them.

As each book is finished, students take a quiz on the computer system and each quiz that is passed contributes to their overall word count. Awards and prizes are given for achieving statuses such as 'word millionaire'. The quizzes also require students to recall knowledge of the books read thus building their ability to retain information and enhancing their progress.

Reading lessons are run by teachers who are all trained in the Accelerated Reading programme and can use their knowledge of the group and individuals to help them with choosing an appropriate book

English Curriculum Set Texts - Key Stage 3

The KS3 English curriculum at St Dunstons allows students to read and engage with texts in more detail a wider and more targeted range of set texts. Text choices are rooted in the National Curriculum and adapted to our school's context to ensure a wider and more developed SMSC and Literacy experience.

English Curriculum Set Texts - Key Stage 4

The KS4 English curriculum is taken from the choice of texts offered in the AQA English Literature and English Language GCSE specification. Within that however there is a wide range of options from which we have chosen texts which we believe are relevant, educational and (most of all) engaging for our context of students.

Parents are encouraged to be aware of the expected reading list at KS4 English and very much invited to read these texts along with their child to promote discussion and a shared reading experience.

3. The Tutor Reading Programme

All educational research shows that, for students to most effectively develop in their reading confidence and ability, they should be reading as frequently as possible. With that in mind, we have allocated time within our busy tutor programme to ensure that reading is a daily occurrence at St Dunstons and help encourage strong habits of reading for pleasure.

All students will read four novels across the course of the year in tutor time as part of the *Read to Succeed* model. Books have been carefully chosen by the school to develop a love for reading, as well as engage with key social, moral, cultural and spiritual issues. Equally, the themes and content of these books, allows students to engage with and discuss relevant challenges and concerns facing adolescents; recognising the difference between right and wrong and applying this understanding in their own lives.

The Read to Succeed Model encourages all students to read aloud across the course of the year as well as having strong reading modelled by tutors. This confirms for our students that all adults are readers and normalises reading as a daily occurrence.

2. Testing for Testing Reading Ages and Intervention

St Dunstons delivers a comprehensive and regular process for measuring progress in reading ages for all students in all Year groups. This follows an annual timeline with additional testing and screening in place as necessary.

Process of testing Reading ages

- All Students complete an online reading test twice a year to determine their reading age and monitor their progression- *New Year 7 sit this in June of Year 6*
- Following initial testing, students are placed into 1 of 4 Reading Tiers, set by results against age related expectations (ARE)
- Test results in Year 7 are screened by the Leadership and SENCO using KS2 data to ensure the weakest readers are identified and fully supported
- Each Tier is given targeted intervention, support or challenge to promote meaningful progress in reading age regardless of their ability - see *table below*

Table: St Dunstan's Reading Tiers

Reading Tier Profile	Intervention/Support/Challenge
Tier 1 - Students testing Significantly above their ARE	<ul style="list-style-type: none"> • Directed towards higher challenge books • Directly monitored for quality and range of reading through AR sessions • Monitored and supported through Read to Succeed
Tier 2 - Students testing on or above their ARE	<ul style="list-style-type: none"> • Directed towards more ambitious books which add extra challenge • Directly monitored for quality and range of reading through AR sessions • Monitored and supported through Read to Succeed
Tier 3 - Students testing below their ARE	<ul style="list-style-type: none"> • Short intervention for fluency and comprehension where required • Directly monitored for quality and range of reading through AR sessions • Closely monitored and supported through Read to Succeed
Tier 4 - Students testing Significantly below their ARE	<ul style="list-style-type: none"> • Direct and Individualised reading support led by Learning Support Dept • Testing dyslexia/AA to identify underlying needs • Directly monitored for quality and range of reading through AR sessions • Closely monitored and supported through Read to Succeed

Intervention for weaker readers

We are very aware that students join St Dunstons School with a range of reading ages and many will require a programme of more rapid catch-up to ensure all students are on or above their chronological reading age and can access their KS4 curriculum.,

Tier 4 students who are considerably below their Age Related Expectation are supported directly by our Learning Support Department under the guidance of the SENCO, where direct intervention by trained specialists in phonics and dyslexia will target and rapidly address each student's needs. This will likely be structured through specific reading recovery programmes such as Reading Wise and Reciprocal Reading.

The full programme of reading intervention is adapted for each year and cohort and is set out in the School's Annual Literacy Strategy Document, available on request.
