Reading Rumble Challenge

Dear Parent/Carer,

We are continuing to promote our school's passion for reading and aim to, with support from families, instil a love of reading into all of our children. Therefore, we are excited to launch a new initiative this term - **The Reading Rumble**.

The Reading Rumble will encourage children to earn points for their classes with the aim of winning a new book for their class for the term. Children will be able to gain a point every time they read at home. The points will be added up at the end of each week and the class with the most points will be able to choose a new book from the golden bookcase as part of our celebration assembly.

Learning to read is one of the most important skills your child will develop and a love of reading will last a lifetime. The Reading Rumble is designed to encourage children to read and enjoy a range of books at home (with an adult if appropriate) alongside developing a love for reading.

Please support and encourage your child to read regularly and acknowledge this in your child's reading record.

Good Luck and thank you for your support!

Mrs Jess Mitchell

Reading Lead
