

### Free access to GCSE Physics Online and Learning Checklists

Dear Parent/Carer

I am writing to make you aware of a new resource which the MNSP Trust has purchased to help support your son or daughter with their Physics revision. [www.gcsephysicsonline.com](http://www.gcsephysicsonline.com) contains a comprehensive suite of videos which explain all of the ideas covered in Key Stage 4 Physics. The videos are short, engaging and clearly explained with good examples.

To access this fantastic resource, head to: <https://www.gcsephysicsonline.com/aqa>

Your login details are as follows:

Username: [physics@stdunstansschool.com](mailto:physics@stdunstansschool.com)

Password: Abbot

In order to make sure their revision is focussed on the content which has been highlighted by the exam boards for this coming summer, please find attached pdf documents showing the main areas of the course which will feature in the exam. These contain:

- Links to the relevant gcsephysicsonline videos (For Physics papers only)
- GCP revision guide page reference
- A link to the relevant GCSE Bitesize revision webpage

There is a separate pdf for the following courses:

- Combined Science Higher Tier
- Combined Science Foundation Tier
- GCSE Physics Higher Tier (For those studying Separate Sciences)
- GCSE Physics Foundation Tier.

Please make sure you use the relevant document. If you are unsure, please ask your child's Science teacher or Head of Science.

Yours sincerely

Andrew Seal  
Director of Science  
Midsomer Norton Schools Partnership
