

There has been a lot of fun and creativity in the classes this week:

Willow Class are making great progress being engineers designing and building their model ferris wheels in DT this term. We are really looking forward to seeing all the finished articles in a couple of weeks.

Cherry Class have been maths super stars this week and have been looking at weight and capacity. We have been using scales to make something balanced and filling jugs with different amounts. Mrs Willcox and Miss Fry have been exploring different materials in our Art lessons with us and we have been looking at our own timelines in History.

Oak Class have really impressed Mrs Anthony and Mrs Appleyard with their smoothie making skills this term. They have been selecting complementary fruit flavours to write their own smoothie recipe, designed a label and most importantly made and tasted their products. So far the reviews have been very positive, hopefully the final group making them next week will enjoy theirs too.
