

19 December 2019

Dear Parent/ Carer,

Year 7 Set Changes

After a successful first term at St Dunstan's, we will be taking the opportunity over the Christmas break to make a number of changes to our year seven class groupings. As in previous years, we are making these changes after the first term using our enhanced knowledge of each pupil and their performances in class and assessments. These alterations to classes will allow us to cater for the individual needs of pupils within each class and enhance their progress throughout key stage three.

Pupils will be issued with new timetables when the Spring term commences next month and will be guided through any changes which have taken place. No work will be missed by any student as all subjects will have reached the same point in their respective curriculums.

If you would like any further information regarding the matter, please don't hesitate to contact me via the school office.

Yours sincerely

Luke Parfitt
Assistant Headteacher
