

Modern Foreign Languages at St John's

Intent

Our curriculum intent for French reflects the purpose and aims of the National Curriculum for Languages by helping our pupils develop a core of grammatical and vocabulary knowledge which can be applied through skills in listening, speaking, reading and writing.

Implementation

All children will be taught a language as part of the curriculum in KS2 and there will be opportunities for children in EYFS and KS1 to learn a language through incidental learning and clubs.

The curriculum is sequenced in long and medium term plans and is organised through the threshold concepts:

- To read fluently
- To write imaginatively
- To speak confidently
- To understand the culture of the countries in which the language is spoken

Impact

The curriculum will lay the foundations for further study in KS3 through fostering a love for learning another language, developing confidence in their speaking and listening skills while broadening their awareness of other cultures.
