Parent's Consent for Internet Access

I have read and understood the school e-safety rules and give permission for my child to access the internet. I understand that the school will take all reasonable precautions to ensure that pupils cannot access inappropriate materials but I appreciate that this is a difficult task.

I understand that the school cannot be held responsible for the content of materials accessed through the internet. I agree that the school is not liable for any damages arising from use of the internet facilities.

I understand that my child should not be accessing any social networking sites because the lowest age limit is 13.

I understand that without returning this consent form, my child will not be allowed to access the internet.
