

Disability and Access

Updated February 2024-This policy was updated, shared and agreed by Governors.

Definition of disability

The Disability Discrimination Act 2005 (DDA) defines a disabled person as someone who has ‘a physical or mental impairment which has a substantial or long-term adverse effect on his or her ability to carry out normal day-to-day activities’.

The DDA 2005 has also extended the definition of disability as follows:

- People with HIV, multiple sclerosis and cancer (although not all cancers) are deemed disabled before they experience the long-term and substantial adverse effect on their activities.
- Section 18 has been amended so that individuals with a mental illness no longer have to demonstrate that it is “clinically well-recognised”, although the person must still demonstrate a long-term and substantial adverse effect on his/her ability to carry out normal day-to-day activities.

Disability Equality Scheme and Accessibility Action Plan

Norton Hill Primary School aims to ensure equal treatment of all its children, employees and any others involved in the school community. Anyone with any form of disability is not treated less favourably in any procedures, practices and service delivery. We aim to develop a culture of inclusion and diversity in which people with disabilities are able to participate fully in school life. The achievement of children with disabilities will be monitored and this data will be used to raise standards and ensure inclusive teaching where necessary, reasonable adjustments will be made to make sure that the whole school environment is as accessible as possible. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit the school.

General Duties

We will actively seek to:

- Promote equality of opportunity between people with disabilities and other persons.
- Eliminate discrimination that is unlawful under the Act.
- Eliminate harassment of people with disabilities that is related to their disabilities.
- Promote positive attitudes towards people with disabilities.
- Encourage participation by people with disabilities in public life. It is also important to respect the wishes of children with disabilities so that they do not feel pushed into activities they do not wish to take part in.

This is also known as the Disability Equality Duty (DED) and applies to all children with disabilities, staff and those using services provided by the school.

In addition to the above general duty to promote Disability Equality, the school has specific duties placed on it to:

- Report on progress annually

Specific Duties

The production of this disability equality scheme provides a framework for integrating disability equality into all aspects of school life. The specific actions currently being taken include:

a) Involvement of people with disabilities in developing the scheme	<p>The school will consult with children with disabilities, staff and service users in the ongoing development of the Disability Equality Scheme by:</p> <ul style="list-style-type: none"> • Educational Health Care Plans (EHCPs), Individual Support Plans (ISPs) and Annual Reviews with SEND children/parents • Analysis of available school disability data • Meeting with parents at consultation evenings
