

## STEM

- We will be designing and making our own inventions using sustainable objects
- We will be learning about how things grow
- We will be learning about the importance of recycling
- We will be making our own lunches, thinking about healthy choices
- We will be using notebooks to draw pictures

## Literacy

- We will be writing instructions
- We will be using finger spaces and full stops in our sentences
- We will be describing a character
- We will be reading poems
- We will be retelling stories from memory

## Personal, Social & Emotional Development

- We will be working collaboratively to decide on our new school rules
- We will be practising ways that we can be more independent
- We will be talking about germs and how we can stay healthy
- We will be talking about our emotions and recognising how our body feels when we experience them

## Maths

- We will be learning...
- Our number bonds to 10
  - How to name and describe 2D and 3D shapes
  - How to measure objects
  - How to represent numbers to 10
  - How to add two numbers together
  - How to find one more or one less of a number

## Physical Development

We will be focussing on gymnastics. This will include, balancing, rolling, jumping and landing safely.

## Understanding the World

- We will be investigating the season change from winter to spring
- We will be looking at how people celebrate Chinese New Year
- We will be learning about lent and why people celebrate Pancake Day
- We will be learning about famous inventors in history

## Expressive Arts & Design

- We will be looking at ways we can join different materials together
- We will be looking at high, low and medium pitch in Music
- We will be performing music that we have created with instruments
- We will be learning new songs and poems to perform
- We will be using props to re-tell stories that we know
- We will be explaining the process we have used to create something

## Key questions

How do you stick two objects together? How does it move? How does it work? How should you change your voice to let the audience know you're happy/sad? How can we protect ourselves from germs? How does my body feel when I feel different emotions?
