Term 4 Badger Class

We are starting a new geography topic for Term 4- Mountains. We will learn how mountains are formed and use maps (books and online) to find out about the different mountain ranges of the world. We will also focus on the Himalayas range of mountains in Asia and learn about how people live there.

In relation to this exciting topic we have chosen to read *The Abominables* by Eva Ibbotson. This is a charming adventure story that is imaginative and heart-warming.

Whilst at home alongside the work we set for you in Google Classrooms, please try to keep up with:

- Doodle maths
- I Can Do Maths
- Times Tables practice
- Reading every day

In Big Write we will be Writing to Entertain focusing on story writing. Next Thursday, we will be celebrating World Book day; details to follow on Google Classroom.

Our Science topic is looking at Ecosystems where we will look at the habitats of different plants and animals. We will also be exploring the various food chains and food webs.

In Maths we are learning how to divide 2 and 3 digit numbers, leading on to Fractions. We will also have a focus on Measurement: Length and Perimeter.

Part of our PE this term is to complete the 60 second challenges (30 second for year 3) and record your best score each week on the sheets. This is a personal challenge where you compete against YOURSELF to see how much YOU improve. These are all in the Google Classroom.

We look forward to welcoming you all back to school on March 8th March. Don't forget your PE kit and your book bag. We know that this will be exciting (but perhaps also a bit scary.) Please don't worry about anything especially if you haven't always been able to complete all of the work that we have set for you. All we want is to see you all again and to have fun with our learning as usual.

Love,

Mrs Bailey and Ms Tunstall
