9th January 2026

This week at Nursery . . .

Welcome back to another busy term! We hope you all had a wonderful Christmas and New Year!

As we hit the colder months now, could we ask that any gloves, hats, and scarves are labelled where possible - particularly the gloves as we're always finding odd ones!

We braved the cold for our first Tuesday Forest School session this week. It was a chance to explore the school field, and talk about the ice on the ground. The children joined in with making some bird feeders using lard and bird seeds mixed together. These are to hang in the trees so the birds can find food in the colder months.

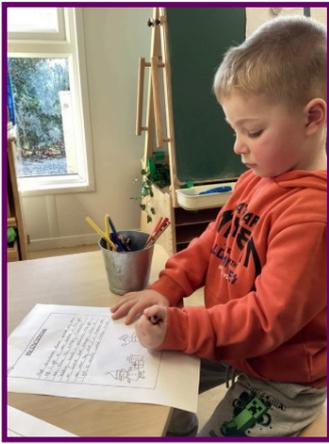

STARS OF THE WEEK

For showing confidence & making new friends!

Well done!

The children have enjoyed some conversations about their experiences of Christmas, recalling what they left out for Father Christmas, what they had for their dinners, and the lovely presents they had. Some children drew the presents they received too.

We would like to wish a warm welcome to the new parents and children who have joined us. The children have settled in well, and are making new friendships already.

Pre-School parents: please make sure you have applied for your child's school place by Thursday 15th January. This can be done via the BATHNES website. Any questions, please ask.

Dates for the Diary

Please note the school half term will be 16th – 20th February. The Nursery WILL be open this week, however as the school kitchen will be closed, please provide packed lunches.
