Head Teacher: Mr Gareth Griffith

Tuesday 21<sup>st</sup> April 2026

Dear Parents/Carers,

## Important Dates:

- SATs Week: Monday 11<sup>th</sup> - Thursday 14<sup>th</sup> May
- London Trip : Thursday 21<sup>st</sup> May

I hope that you all had a wonderful Easter break and plenty of chocolate was consumed. We had the most wonderful four days at Barton Hall and I hope that the children are fighting fit and ready for their SATs week in a few weeks time. Of course, we will begin revising some key areas over the coming weeks so that the children are fully prepared for their SATs.

In **Maths** this term we will be revisiting and revising key topics from across the school year.

In **writing**, the children will have the opportunity to demonstrate all of their writing skills this term across a range of genres.

The **punctuation and grammar** covered this term will be: tenses and then lots of revision.

After SATs week, we will turn our attention to the **production** and this will be announced on the Thursday of SATs week. Auditions will be during the last week of term.

Subject	Topic Title	Key Learning
Science	Animals: Circulation and health	Describing the human circulatory system, including the heart and blood vessels and their uses, and understanding the effects of exercise and fitness on heart rate.
History	Georgians	How has Bath changed over time? Who were the Georgians? What is the legacy of the Georgians in Bath?
PE	Athletics Tennis	Developing techniques and collaboration skills for athletic running, throwing, and jumping events. Furthering existing tennis skills, such as in serving, forehand and backhand strokes, and playing in a doubles team.

***“Love each other as I have loved you” John 15:12***

<b>Computing</b>	Programming A – Variables in games	Understanding examples of real-world variables and algorithms to influence the use of changing values in games, then using these to create and enhance custom-made games using Scratch.
<b>Art</b>	Sculpture and 3D: Making memories	Exploring a sense of self and using memories from across primary school to create literal or abstract sculptures with a variety of materials that represent key events.
<b>PSHE</b>	Relationships	Building on learning about mental health and positive ways to control thoughts, coping with loss and grief, and understanding bullying in real life and online by staying safe and responsible with technology.

**Homework expectations remain the same this term!** Weekly spellings are set on a Friday and tested the following Friday. The children will have the whole term’s spellings already stuck in their spelling books. They should fill a double page with practice which they can do throughout the week at home using a range of strategies (see the front of their spelling book for ideas). Each week, **homework** will be a SPaG.com and arithmetic papers or 10-minute booster booklets. The children should be using Doodle Maths and Doodle Tables several times a week as well.

Please do not hesitate to come and see me if you have any questions or queries. **I believe a strong teacher-parent relationship is essential to ensure your child makes the most progress they can.** I also know that a happy child who feels safe and cared for at school will make the most of their days so please keep me informed of any changes you feel may affect their well-being.

Yours sincerely

Mr Gunning  
Deputy Headteacher
