

  Sometimes  people can become  ill from a  virus. This is okay.  

 To help  stop the  virus from spreading it is good to  

 wash our hands with  soap and  warm water.

 To also help to  stop the  virus from spreading, the  school is 

 going to  close.

 Whilst  school is  closed  everyone will  stay at  home.

 Everyone will be  safe and  happy at   home.

 Everyone will  come back to  school after the   Easter Holidays.
